FlyRank AI

Issued September 2, 2026

Recommendation Letter

To whom it may concern,

I am pleased to recommend Aqsa Rasheed, who completed the FlyRank AI Internship Program from July 1, 2026 to September 2, 2026 in the role of Back-End AI Engineering Intern.

During the program, Aqsa completed 36 practical assignments applying curriculum in API contracts, Task design and prompting, Retrieval and grounding, and Evaluation and operations.

The program record documents at least 456 hours across practical assignments, accepted capstone work, program meetings, learning resources, and verified Anthropic Academy courses.

As the culminating project, Aqsa completed "Embeddable Widget & Lead-Capture Platform," which was reviewed and accepted by the lead track mentor.

Participation also included 29 attended program meetings, 54 completed learning resources, and 20 verified Anthropic Academy courses.

Based on this verified completion record, I recommend Aqsa for opportunities aligned with back-end engineering and applied AI systems.

The approved internship specialization was Backend AI Engineering; the independently qualified completed track was Backend AI Engineering.

About this recommendation	
Recommendation for	Aqsa Rasheed
Program role	Back-End AI Engineering Intern
Program completed	FlyRank AI Internship, July 2026
Primary specialization	Backend AI Engineering
Completed track(s)	Backend AI Engineering
Participation period	July 1, 2026 to September 2, 2026
Program supervisor	Arijana Ibrović - Director of Internship Program
